Stock Prices Turn Easier Near Close

TORONTO (CP)—The stock market closed mixed in late profit-taking. Trading was active and final volume was 4,995,000 shares, just short of Wednesday's 5,086,000.

Among industrials three of the five most active issues lost. Every group had losers but banks and foods showed the best gains. Pipelines and refining oils were easier.

Among other industrials Great West Saddlery was up two at 54 and Imperial Tobacco added 1¾ at 13⅝. BA Oil dipped ¾ at 42½ while Abitibi and Steel Company of Canada each lost ½.

Losses of ¾ each to Calgary and Edmonton, at 33¾, and Home Oil B, at 19, sent western oils down.

Higher Rates Feared

NEW YORK (UPI)—Stocks declined at closing time on profit-taking as the industrials neared the 600-level in their average and traders turned cautious on expectation of a rise in the federal reserve discount rate.

Several outstanding features stood out. Rome Cable at one time showed a gain of more than 8 points, most of which was held on news the company was affiliating with Alcoa. The latter declined more than 2 points.

Oil issues, strong most of the day, fell off from their highs as the close approached. Steels turned down. So did the motors and chemicals.

Special issues showed a range from a loss of more than 2 points to a gain of more than 2. Tobaccos, drugs, and electronics were strong at times but they too fell from their best levels. The leading steels turned down. Airlines rose to new highs and held part of advances that ranged to more than a point.

Coppers Weaken

VANCOUVER — The new B.C. Telephone rights sold at 1.60 after opening at 1.70. Other industrials were mixed. B.C. Power was again strong at $39⅝, and Woodward's warrants were $10½. Okanagan Helicopters were 3.80, but the pipelines were off.

Mines drifted lower with Craigmont at 3.65, Cowichan at 98 cents, Bethleham at $1 and Trojan at 22 cents.

Among oils Tidal was lower at 1.50.

London Stock Prices

LONDON (CP) — The stock market was irregular. The gilt-edged section was lower.

Greek and Japanese issues improved in the foreign bond market. Canadian issues were irregular on the stock exchange but U.S. dollar stocks were generally higher.

Oils improved, South African golds lost some of Wednesday's firm tone and coppers were lower on balance.
